## Choose the level of care right for you and your family:

- Temporary services (for example during immediate discharge from hospital).
- Regular service to support you to continue to live independently at home with confidence.
- The care we provide could be comfort breaks, medication prompting, safety checks, up to several hours of care and support per day (or even live-in care).
- Occasional, emergency or regular care to cover things like family holidays, or busy weeks.

***Let us hold your hand  
through these difficult times  
and help you and your family  
regain independence  
and enjoy life again!***

## ***Our service promise***

- Prior to commencement of care, we assess the individual care needs of our clients. Our Care Manager then determines a care package based on the number of care visits per week and the package of care that will be delivered.
- Once done we will send a bespoke proposal for your approval to guide you through setting up your preferred payment option. Your proposal will clearly state the cost of our care as well as our terms and conditions.

So feel free to ask us as many questions as you need to help you reach the right decision for you and your family.

***We are here when you need us***

You can be confident that anyone we introduce to you has been meticulously trained to the highest standards and is warm, friendly and caring.

Where possible you will always have the same Inna Care worker who will get to know you and offer you regular companionship.

Our workers are also security checked through Disclosure and Barring Services and meet all the competency standards.

Fully trained in all infection control and are wearing personal protective equipment.
